KERENSKY MADE
DICTATOR FOR
RUSS REPUBLICSoldiers' and Workmen's
Council Places Vast Pow-
ers in His HandsMANDATE IS TO RESTORE
ORDER IN THE NATIONRussian Arms Menaced By
the Failure of Galician
Troops(ASSOCIATED PRESS TELEGRAM)
New York, July 23.—"Unlimited
powers" have been granted the Rus-
sian provisional government under
Premier Kerensky to grapple with
the sinister forces threatening to
wreck the new Russia, born of the
March revolution.The grant comes from the most
powerful representative body in the
nation, the Council of Soldiers' and
Workmen's Delegates and Peasants
of All Russia, assembled in Petro-
grad.The title of the ruling body, the
"Government of National Safety,"
recalls immediately the famous
Committee of Public Safety of 1793,
formed in the crucial period of the
French revolution. With Kerensky
serving not only as premier but as
minister of war and marine, it is ap-
parent that vast powers are thus
lodged in the hands of this one man,
suggesting those of a virtual dic-
tator.The mandate of this committee is
to restore order, both at the front
and at home—admittedly a difficult
task in the face of the powerful in-
fluence both within and without the
nation working against the present
regime. It is evidently one, how-
ever, with which Kerensky, conced-
edly the strongest man to be found
for the task, is willing to grapple
with all his widely recognized force
and ability.The war situation for the moment
demands consideration chiefly at the
two points where the Germans have
concentrated their military efforts—
the yielding portion of the Rus-
sian front in eastern Galicia, and
the section of the French front near
Craonne.In the former, war theatre there
is little sign as yet of a change in
the temper of the disaffected Rus-
sian troops sufficiently to bring about
an effective resistance to the Teu-
tonic progress, which threatens
disaster to the Ruten front there is
a different story to tell. The desper-
ate onslaughts of the crown prince's
forces are being met with gallant
resistance by General Petain's troops
and such small bits of territory as
have been gained by the Germans
have been dearly paid for.Last night the German assaults
were renewed on the Californie and
Casemates plateau for the mastery
of which colossal efforts are being
put forth. Some headway was made
on both the elevations, but Gen-
eral Petain's men are clinging brave-
ly to them both although driven out
of first line trenches. The Germans
attacked the support trench on the
Californie plateau, but it was re-
tained by the French in its entirety.Today's official reports from the
Galician front are little if any more
encouraging than those of the last
few days. While efforts are being
made to restore order among the
Russian forces the Austro-German
offensive being pushed and addi-
tional villages have been occupied
by the Teutons.Toward the northern end of the
Russian front the situation is dif-
ferent. The Russians have taken
the offensive and opened up a gap
two miles deep in an important sec-
tor of the German line near Krevo
and Vilna. Incidentally capturing
more than 1,000 Germans. Here,
too, however, certain detachments
appear to have been worked upon by
the enemy and are fighting so
indifferently as to jeopardize the de-
velopment of the Russian offensive.CORN CROP NOT
BADLY DAMAGED
SAYS STATE BOARDColumbus, O., July 23.—Reported
serious damage to corn in Ohio be-
cause of excessive rains in the last
30 days is not borne out in reports
of crop estimates for the state board
of agriculture, according to Sec-
retary N. E. Shaw. The only dam-
age done was in lowlands, indications
from the special reports, ordered to
ascertain facts concerning the crop,
point to a splendid corn yield, he
said.ERIE BRAKEMAN KILLED.
Akron, O., July 23.—Thrown from
the top of a box car yesterday while
releasing a brake, John Howard
Smith, 23, Coleridge, O. brakeman
on the Erie Railroad, fell under the
wheels and was killed.William Hardy, 48, a farmer, living
near Hudson, O., died in the
city hospital yesterday from injuries
received when struck by a street car
in front of his home.TURKS THREATEN

MORE DEATHS
THAN TYPHOID(ASSOCIATED PRESS TELEGRAM)
Columbus, July 23.—The state
department of health today pointed
to an increasing death rate in Ohio
for 1916, as shown by mortality sta-
tistics just issued by Dr. J. E. Mon-
ger, state registrar of vital statis-
tics as a season for increased public
health activities in the state in war
times.Death's toll in Ohio last year from
all causes was 74,230, correspond-
ing to a rate of 14.4 per 1,000 popu-
lation. The total number of deaths
for 1915 was 66,070, giving a rate
of 12.98 or 13.0 (federal census
rate).Paulling county for the third
consecutive year holds the record
for having the lowest death rate,
8.5, while Summit county is cred-
ited with having the highest rate,
19.4 per 1,000 population.While the increase in the rate is
not large, it indicates a loss of some
7,300 lives. If the 1915 rate had
been maintained it would have
meant a saving of that many lives.The most regrettable feature of
the mortality statistics for 1916
is the fact shown that the hand of
death fell heaviest upon children—
the country's last line of defense,"
said J. E. Bauman, acting executive
officer of the state department of
health."It may be a surprise to some,"
continued Mr. Bauman, "to know
that more died from measles than
died from typhoid fever and small-
pox combined, and that whooping
cough, which receives relatively
little attention, claimed 674 victims.
There were only eight deaths from
smallpox."There were 310½ babies died in
1916 from summer complaint. The
increase in this rate last year was
probably due to the excessive heat
of last summer. Thus far this year
the child mortality rate is low, due
to the unusually cool weather. The
total increase in the number of
deaths from measles, whooping
cough and summer complaint last
year was 1679 over the reported
deaths for the preceding year.The foremost cause of death in
the state was organic heart disease
with tuberculosis ranking second,
both showing slight increases over
the previous year.The death record for 1916 show
5164 from accidents as compared
with 4030 for the previous year.
There were 414 lives sacrificed in
automobile accidents as against 304
for the previous year and the num-
ber of deaths from railroad acci-
dents increased from 749 in 1915 to
1087 in 1916.There were 454 deaths due to
homicide (murder) as against 314
for 1915. Suicide was not so much
in vogue last year, self-destruction
accounting for only 767 deaths as
compared to 777 for 1915.Typhoid fever continues to be held
in check, the statistics show.
The death rate from cancer con-
tinues on the decline, due to a better
diagnosis of the disease and a better
registration.Alcohol is given as the cause of
348 deaths in 1916 as compared
with 222 for 1915.Following are the number of
deaths in the larger cities for the
years 1915 and 1916, from all
causes with rate per 1,000 popu-
lation:

City	No.	Rate	No.	Rate
Cincinnati	5,232	12.2	5,275	11.5
Cleveland	6,259	15.7	6,443	16.5
Columbus	2,949	14.9	3,276	17.4
Toledo	2,562	15.3	2,537	12.2
Dayton	1,567	12.8	1,925	12.5
Akron	1,175	11.2	1,632	19.1
Canton	216	11.8	154	17.3
Hamilton	125	10.1	207	11.9

FREIGHT HOUSE BURNS.
Cleveland, July 23.—Half a mil-
lion dollars' worth of property was
consumed by a fire which destroyed
the New York Central and the Big
Four Railroad freight house, with
practically all its contents, this
morning. The fire, which swept
swiftly through the large building,
kept 15 fire companies working for
four hours. Defective wiring in the
reiling of the record room of the
freight house was said by freight
house employees to have started the
blaze.WHITE RESIGNS

SHIPPING BOARDFather of R. B. White of
Newark May Remain Un-
til Controversy is SettledPRESIDENT MAY ACT
TO SETTLE DIFFICULTYMay Place Denman Or Goe-
thals In Supreme Con-
trol of Board(ASSOCIATED PRESS TELEGRAM)
Washington, July 23.—John B.
White, of Kansas City, has resigned
as a member of the shipping board
and President Wilson was said today
to have accepted the resignation.
Officials at the White House de-
clared Mr. White's resignation was
not connected with the difficulties
that have developed between Chair-
man Denman of the board and Major
General Goethals of the emergency
fleet corporation over the govern-
ment shipping building program.A report that John A. Donald, of
New York, another member of the
board had resigned, was denied at
the White House. Mr. Donald also
denied emphatically that he would
resign.Officials in close touch with the
Denman-Goethals controversy said
today it was not probable that Pres-
ident Wilson would summon either
man to the White House to discuss
the questions involved. The presi-
dent has all available information be-
fore him, he knows the two men
thoroughly and is expected to settle
the matter as quickly as possible, on
the information he already has.Captain White, it turns out, of-
fered his resignation to the president
some weeks ago on the ground of ill
health and went on a vacation. When
he returned the row between Chair-
man Denman and General Goethals
had become acute and now, it is un-
derstood, he would like to remain
until the situation clears.Captain White has supported Mr.
Denman and Vice Chairman Brent in
their opposition to General Goethals.
John A. Donald and R. B. Stevens,
the other two members of the board,
are said to have taken sides with the
general. President Wilson probably
will take a hand in the controversy
within a few days and supplement
his order dividing authority confer-
red on him by issuing instructions
putting either Denman or Goethals
in supreme charge of ship building.
As it is each claims he is responsible.
Mr. Donald denied emphatically to-
day reports that he would resign.Mr. White has served on the ship-
ping board since it was first formed
several months ago by President
Wilson. He is a lumber man of Kan-
sas City and is well known to the
lumber trade. His son is R. B.
White of this city.GLENFORD MAN IS

BOARD OF APPEALS(ASSOCIATED PRESS TELEGRAM)
Columbus, O., July 23.—In mak-
ing recommendation for the ap-
pointment of federal district draft
exemption or "appeal boards" for
Ohio, which were observed by Pres-
ident Wilson in his appointments an-
nounced Saturday, Governor Cox se-
lected a doctor, lawyer, industrial
representative, a farmer and a
laborer for each of the six boards
in the state.The divisions of Ohio, with board
appointees was given in detail in a
statement from the governor's of-
fice today.The following is the organization
for the district which includes Lick-
ing county, with members in that
order:Second District—Counties of
Athens, Champaign, Clark, Del-
aware, Fairfield, Fayette, Franklin,

Lawrence, Licking, Logan, Madison,
Mehs, Morrow, Perry, Pickaway,
Pike, Ross, Scioto, Union and Vin-
ton. Members: Wells Teachman,
doctor, Columbus; J. L. Zimmerman,
lawyer, Springfield; J. R. Kilbörge,
industrial representative, Columbus;
D. H. King, farmer, Glenford; Wil-
liam E. Bird, labor representative,
Columbus.RAID SUNDAY THIRST PARLORS.
Toledo, O., July 23.—The hand of
the law snapped shut on 25 more
"blind tigers" early today. Twelve
places were raided Sunday. Sixty-
one were arrested in Sunday raids
and nearly 30 today. The clean-up
was conducted by the state license
board.INCITED TROOP MUTINY.
Petrograd, July 23.—Lieutenant
Dashkevich and another executive
committee member of the workmen's
and soldiers' council have been arrested.
Lieut. Dashkevich is charged with
inciting the Petrograd troops to re-
sist the provisional government.

PARIS WILD WHEN UNITED STATES TROOPS ARRIVE

American troops passing through Paris crowds.
The vast throng of people who greeted the American troops on their arrival in Paris could not be restrained by the police. They broke ranks and shook the hands of the soldiers and kissed them. The welcome was unprecedented, the enthusiasm unbounded. The invalids are seen in the background.FOOD BILL PASSED
BY THE SENATE MAY
GO TO CONFERENCE(ASSOCIATED PRESS TELEGRAM)
Washington, July 23.—The ad-
ministration's food control bill, passed
by the Senate Saturday after
more than five weeks bitter contest,
was back today in the hands of the
House. The House was expected to
disagree to the Senate amendments
and the bill will be sent to confer-
ence, probably tomorrow, where dif-
ferences between the two houses will
be thrashed out. Leaders were hope-
ful today that the measure would be
sent to President Wilson for his sig-
nature by the end of the week.The food control bill as passed by
the senateGives a board of three, under presi-
dential direction, control over
foods, fuel, feeds, kerosene and gas-
oline. One member of the board
must be a farmer.Prevents members of the advisory
commission of the council of nation-
al defense from participating in gov-
ernment contracts. Prevents hoard-
ing and speculation.Authorizes the president to license
grain elevators, cold storage, pack-
ing houses, farm implement manu-
facturers, coal mines and fertilizer
plants.Allows the president to requisition
foods, fuels and supplies for the
army and navy.Allows the president to buy, sell
and store fuel, wheat, flour, meal,
beans and potatoes for this country.Allows the president to take over
factories, plants, mines, etc., and
operate for the national defense.Allows the president to close grain
exchanges to stop speculation.Allows the president to declare
minimum prices for wheat, the price
of \$2 for No. 1 Northern or its equiv-
alent being set up as the standard.
The president may impose sufficient
duty on imported wheat to bring it
to the American price.Authorizes the federal trade com-
mission to regulate coal and coke
and fix prices for them, as well as to
operate mines if necessary.The prohibition sections now in
the bill:Prohibit the use of foodstuffs in
distilled spirits. Direct the president
to commander all distilled spirits in
bond and pay for them plus ten per
cent, of the cost.This is the Smoot amendment
which it is anticipated will be drop-
ped in conference as it is held un-
lawful.The sum of \$150,000,000 is appro-
priated to carry out the act, and \$2-
500,000 additional for administra-
tive expenses.EXPECT PRESIDENT
TO SIGN BILL FOR
GREAT AIR FLEET(ASSOCIATED PRESS TELEGRAM)
Washington, July 23.—President
Wilson's approval of the \$440,000,
000 aviation bill passed by the sen-
ate Saturday, was necessary today to
set in motion machinery for the cre-
ation of the world's fleet of air-
fighting craft in the world's history.SIAM DECLARES WAR
ON GERMAN EMPIRE.(Associated Press Telegram)
Washington, July 23.—Offi-
cial notification that Siam had
declared war against Germany
and Austria at 6 o'clock July
22 was contained in a telegram
to the state department today
from the American legation at
Bangkok. German and Aus-
trian subjects then were being
interned and all German ships
had been interned. The Ger-
man and Austrian legations
were protected by special
guards.MAILING OFFICIAL
LISTS TODAY; PLAN
TO MASTER TROUBLE(ASSOCIATED PRESS TELEGRAM)
Washington, July 23.—Checking
the official tally sheets of the draft
was about completed today and print-
ing the master guide sheets which
will guide local exemption boards in
summoning the men for the first in-
crement of 687,000 troops proceeded
rapidly. The sheets probably will
start out in the mails late today.Regulations to govern the applica-
tion of the master list by the local
exemption boards have already been
pronounced and include a method
by which any difficulties arising
from confusion of serial numbers are
to be overcome. The plan is to re-
gard such registration cards as ad-
ditional to the number already pro-
vided and the local lists. A separate
drawing will be held by state au-
thorities to place these additional
cards and such other cards as may
have come in by mail since July 10
in order as they are drawn.They will then be appended to the
registration list of their district and
be immediately affected by the so-
called drawing of last Friday just as
though they had been included in
the list at that time.Officials of Provost Marshal Gen-
eral Crowder's office were preparing
today for the great number of in-
quiries and requests for rulings
which they expect from local boards
as soon as examinations of the men
for the first quotas begin.Probably it will take several days
for the boards to become familiar
with their work. After that officials
expect the examinations and exemp-
tions of men or their certification to
the higher boards for military duty
will proceed rapidly.Within a week after the local
boards begin operations the district
boards also will be able to begin
their work and take up questions of
industrial examinations as rapidly as
they arise.

CUSTOM CUTTERS MEET.

(ASSOCIATED PRESS TELEGRAM)
Cedar Point, O., July 23.—The
Ohio Builders' Supply Association,
the National Association of Clean-
ers and Dyers, and International Cut-
ters' Association opened their
conventions today at Cedar
Point. The cutters will devote their
time to execution of designs adopted
by the Merchant Tailors Style-
Makers several weeks ago.

GERMANS REGAIN GROUND.

(ASSOCIATED PRESS TELEGRAM)
Berlin (via London), July 23.—
On the front south of Smorgon along
which the new Russian offensive was
launched all points penetrated have
been retaken with two exceptions.
It is announced officially. The Rus-
sians renewed their attacks on a
wide front south of Smorgon today,
but the statements says were held in
check.SHOOT DESERTERS
IS ORDER FROM
RUSS COMMANDERS(ASSOCIATED PRESS TELEGRAM)
Petrograd, Sunday, July 22.—The
chaotic conditions prevailing on part
of the Russian front are disclosed in
a telegram sent to Premier Keren-
sky, the provisional government and
the council of workmen's and sol-
diers' delegates by the executive
committee and the commissioner of
the provisional government with the
second army, on the southwestern
front. The telegram announced the
inauguration of stern measures to
combat desertion."We unanimously recognize that
the situation demands extreme mea-
sures and efforts, for everything must
be risked to save the revolution from
catastrophe," the message reads.The commander-in-chief on the
western front and the commander of
the second army today have given
orders to fire on deserters and run-
aways."Let the country know the truth.
Let it act without mercy. Let it find
enough courage to strike those who
by their cowardice are destroying
Russia and the revolution."Referring to the threatened disas-
ter, the telegram says:
"Most military units are in a state
of complete disorganization. Their
spirit for the offensive has utterly
disappeared. They no longer listen
to orders of their leaders and they
neglect all exhortations of comrades,
even replying by threats and shots.
Some elements voluntarily evacuate
positions without each waiting for
the approach of the enemy.""Cases are on record in which an
order given to proceed with all
haste to such-and-such a spot to as-
sist comrades in distress has been
discussed for several hours at meet-
ings and reinforcements, consequent-
ly have been delayed several hours."These troops abandon their po-
sitions at the first shots of the
enemy. For a distance of several
hundred yards long files of desert-
ers, armed and unarmed, men in
good health and robust, who have
lost all shame and feel they can act
altogether with impunity, are pro-
ceeding to the rear. Frequently en-
tire units desert in this manner."CLEAN CANS SAVE
THE MILK SUPPLY
SAYS GOVERNMENTA simple but efficient sterilizer,
which the department of agriculture
believes should be in every farmer's
dairy is on display at the Licking
Creamery.Feeders have been put up in which
the department urges the use of this
sterilizer as a patriotic duty. The
whole outfit is very simple and can
be made in any tin-shop for not more
than \$5. The weight does not exceed
25 pounds and is such that it will
fit on any ordinary stove such as is
used by the average farmer.The exhibit is under the supervi-
sion of the City Board of Health and
will be on exhibition from 7 to 9 in
the morning and from 3 to 5 in the
afternoon. A S. Mitchell will be in
charge and when he is absent an em-
ployee of the dairy will be on hand
to demonstrate.

ARMY AVIATORS ON TRIP.

Columbus, July 23.—Lieut.
Buckley of the aviators' training
school near Dayton, flew into Colum-
bus Sunday and alighted at the fair
ground, where the O. N. G. is in
camp. He made the 70-mile trip in
70 minutes.

tino, 34, is held suspected of hav-
ing stabbed to death Edward Piazza,

LOWER RATES ON
OCEAN CARGOESBritish and American Gov-
ernments Have Agreed
to General PlanOTHER ALLIES WILLING
TO ACCEPT PRINCIPLEPresident Appeals to Ship-
ping Men—Details of the
Plan Not Given Out(ASSOCIATED PRESS TELEGRAM)
Washington, July 23.—Regula-
tion of ocean steamship rates be-
tween the United States and allied
nations has been agreed upon in
principle by the American and British
governments.Negotiations are now proceeding
between Chairman Denman, of the
shipping board, and Counselor Poik
of the state department designated
by President Wilson to represent the
government, and British admiralty
officials to devise a program to
make the regulation effective and
bring down present prohibitive rates.France and Italy have signified
their willingness to accept the prin-
ciple. Negotiations probably will be
opened with Japan upon the arrival
here of the Japanese mission headed
by Vice Admiral Takeshita.Representing the British govern-
ment in the negotiations are Thomas
Roynon, chairman of the allies
chartering commission and J. A.
Salter, requisitioning director here
of the British admiralty.President Wilson's deep interest
in the negotiations was reflected in
his appeal July 11 to the business
interests of the country a give their
aid freely and unselfishly toward
winning the war. In his statement
the president said:"Let me turn for a moment to
the ship owners of the United States
and the other ocean carriers whose
example they have followed and ask
them if they realize what obstacles
what almost insuperable obstacles
have been putting in the way of suc-
cessful prosecution of the war by
the ocean freight rates they are now
exacting.""They are doing everything that
high freight charges can do to make
the war a failure to make it impos-
sible. I do not say that they realize
this or intend it. The fact is
that those who have fixed war freight
rates have taken the most effective
means in their power to defeat the
armies engaged against Germany."When they realize this we may, I
take it, for granted, count upon them
to reconsider the whole matter. It
is high time. Their extra hazards are
covered by war risk insurance."While details of the plan to bring
down soaring ocean rates, which in
many instances have reached almost
prohibitive heights, are yet to be an-
nounced it is understood that the
present negotiations contemplate re-
ductions of rates in many instances
and the inclusion ultimately of all
vessels flying allied flags in any
quarter of the globe. The amount of
neutral shipping is regarded as too
small proportionately to affect the
situation one way or the other.Japan's inclusion in the present
proceedings is largely due to the
possibility of Japanese vessels being
engaged in trans-Atlantic trade, in
the future to a much greater extent.ARMY COMMISSION
UNDER FIRE WHILE
ON FRENCH FRONT(ASSOCIATED PRESS TELEGRAM)
An Atlantic Port, July 23.—Eleven
American army officers, members of
a special commission sent to France,
England and Belgium early in June
as investigators of army conditions,
arrived here today on an American
steamship.The officers declined to say just
what their work was, but it was
learned they visited all the com-
mands on the western front and
shrapnel-scarred helmets which they
brought back as souvenirs supported
their admission that they had been
under fire.The work for which they were sent
abroad was completed when the first
detachments of the American troops
arrived in France. They confirmed
cabled reports of the enthusiasm
with which the American soldiers
were received by the French people
and, as one officer expressed, "We
are mighty proud of the way our
boys sized up alongside the soldiers
of whom they are now allies. The
French people are wonderfully im-
pressed with the American game of
baseball," the officer said. "They
see in it something more than sport
and the almost unanimous expression
is that the way they can throw a
baseball will make them great fight-
ers when it comes to hurling hand-
grenades in close-trench warfare."

- (Special to the Advocate.)
Granville, July 23.—A statement has been made this morning by Mayor D. Coons, chairman of conscription board District No. 1, that nothing further can be done by the local board until the official list of serial numbers from Washington has been received. However, plans have been formulated for prompt action on the part of the board members, who have arranged for headquarters in the municipal building. The next action will be the physical examination of members called. Dr. C. J. Loveland, of the local medical board, will pass upon the physical fitness of the men, but in the case of those pronounced disqualified for service, re-examination will be held by a examining surgeon appointed by the governor. Until these details have been settled, no exemptions can be made, and no relief from the suspense of uncertainty can be experienced.

Yes, Chautauqua's In the Air

And Here's a Mild Suggestion:

NOT THIS

"Here I am, Bill, with your Chautauqua tickets. Need about two, don't you?"

"Chautauqua tickets? Who said I wanted any?"

"Took it for granted, Bill. Everybody is going."

"Aw, I can't afford it! 'Spose the price has gone up too?"

"No, Bill. Tickets are still \$2, with a half rate for the kiddies."

"Afraid I won't be in town Chautauqua week."

"Back up, Bill. I'll bet you don't even know the Chautauqua dates."

"Well, even if I am here I won't have time to go. Too bloomin' busy!"

"Glad to hear business is good. You've been working pretty hard, though, and along about the middle of the summer you'll need a good vacation—say about a week at the Chautauqua and a week down on the river."

"Well, I know \$2 isn't much, but what's the use of my spending good money for a 'season ticket' when I don't care about the Chautauqua?"

"Say, Bill, you could tell that to some people, but not to this old friend. You bought a couple of tickets last year, and there wasn't a session except the children's story hour that you and your wife weren't down in two of the best seats a half hour before the curtain went up."

"Well, I may change my mind and go to the Chautauqua when the time comes, but I guess I won't buy now. I'll see you later."

"Now lend an ear, Bill, likewise have a heart. We fellows on this Chautauqua committee aren't in the business for a living, we're in it for the good we can do the town. If we are willing to give our time to make the thing a 'GO,' then you ought to be ready to give a correct imitation of a man doing his duty to himself and his town by plunking down the price of a big week of worth while entertainment."

"Tell you what I'll do. I'll take a ticket for my wife. She gets that Chautauqua stuff."

"Yes, Bill, it's all right to give your good wife a vacation between meals, but your wife can't be educated and entertained for YOU any more than she can go to heaven for you. She will do her part, all right, but when it comes to a 'showdown' you will have to act for No. 1."

"And a man who had heard the conversation between Bill and the Chautauqua booster 'solid' by taking a family census on season tickets."

BUT THIS

"How about the Chautauqua, Bill? Bought your tickets yet?"

"Say, it IS getting along about Chautauqua time, isn't it?"

"Get your life! How many tickets will you need this year? About four?"

"Sure! At least that many. Our folks make the Chautauqua their vacation. The wife says she prefers it to Atlantic City."

"Or Europe!"

"Well, I should say! And, by the way, friend, if we ever needed a Chautauqua in this old town it's right now. That week will do more to fill our sides full of loyalty and put 'pep' into our systems than anything that's happened around here in a coon's age."

"You've got the right dope there, Bill. We need something to keep us going and at the same time to hold our feet on the ground."

"Yes, and that surely looks like a REAL program this year, with Patriotic Day, Health Day, the White Hussars, a big light opera company, Opie Read, Ralph Bingham, the Killarney Girls, that 'Chinese Mark Twain' and all the rest of the big guns!"

"And don't forget the ladies. They are to have a woman here this year telling all about how to be prepared in the home as well as on the firing line."

"Believe me, I haven't overlooked that woman lecturer. I'm going to be right there bright and early to hear what she's got to say about that old H. C. of A. I guess you can just peel-off about three of those adult tickets and three juniors. That way wife and I, Uncle Bob and the three youngsters can take in the whole works."

"You're in the same boat with me, Bill. If my little folks didn't get to hear that story girl and take part in the big doings at the end of the week they'd be heart broken. They think more of that Junior Club button than of their old dad."

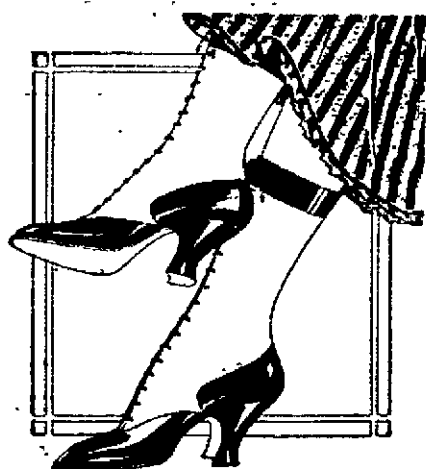

"Well, I'm not surprised at that, knowing the dad as I do. But say, I'm much obliged to you for coming. As a matter of fact, I'm ashamed of not being out selling Chautauqua tickets myself. But when the tags are flying from the door-knobs on the opening day just think of Bill and feel pretty sure that you'll see him the afternoon down about the seventh row, center."

"And there'll be another man and his family right across the aisle."

Amusements

AUDITORIUM.

"Shepherd of the Hills."

The stock company at the Auditorium for the three days beginning today will offer Harold Bell Wright's greatest play, "Shepherd of the Hills," a story of nature folks in the Ozark mountains. It is full of splendid comedy, a correct dramatization of the book being given and all the characters of this famous novel is seen in "Old Mat," "Young Mat," "Dad Howitt," "Sunny Pete," "Dad Howitt," "Wash Gibbs," etc. The full cast of the Auditorium stock is seen in this production, which besides Miss Baird and Mr. Cooper, includes some of the best stock people in the country.

As a special inducement for our patrons this evening, a lady and a gent will be admitted for one ticket, that is if it is a 20c ticket and the seats are reserved before 6 p. m. Two ladies can also take advantage of this offer. One price of admission entitles you to the picture program also, the feature today and tomorrow being Ann Pennington in "The Little Boy Scout," a Paramount photo play.

The Hearst-Pathe News is seen in connection with the picture program today, the feature being the showing of Pershing and his men arriving in France. Many other events are seen.

June Caprice in "Patsy," her latest Fox feature is to be seen the last of the week at the Auditorium. This will be welcome news to many of Miss Caprice's Newark friends, for she is a great favorite here.

"Patricia" with Mrs. Vernon Castle, episode No. 4 will be seen Thursday of this week. This is an added feature for the week and is run in connection with Fannie Ward, who is seen in a Paramount photo play.

Virginia Pearson, the popular Fox star in "Bitter Truth" and a clever comedy is underlined for the Auditorium soon.

"The Little Boy Scout."

Ann Pennington, the winsome little dancer of the "Polies," returns again to the Auditorium in the Hearst-Pathe production, "The Little Boy Scout," a charming photo play featuring the famous star with more than ordinary opportunity to display her special talents.

As a dancer, Miss Pennington has won widespread recognition for her art and her former production on the screen more than proved her ability to act before the camera.

Also a Famous Players-Paramount production, she was seen as the delightful, fully hatched daughter of an actress, driven by circumstances to live in a primitive New England village. In "The Rainbow Princess," as a daring circus performer, she won many laurels.

A distinct change from both of the roles was furnished for her in the part of Justina in "The Little Boy Scout." She appears as a rebellious niece of old Miguel Alvarez, living with his family near the Rio Grande in Mexico. The old uncle is a miser and a tyrant and attempts to force her to marry his weakling son in order to bring her money into his own coffers.

Justina, however, has the American love of liberty inherited from her mother, who was a wanderer, and on the very eve of her wedding, runs away on the donkey of the priest who had been summoned to marry her.

Miss Pennington is seen at the Auditorium today and tomorrow in conjunction with the stock company. One price of admission entitles you to the picture program or if you wish, you can see the pictures without seeing the stock.

The pictures will be shown today all afternoon and this evening 7 until 8 or a few moments after.

"Her Strange Wedding."

Fannie Ward, the brilliant Lasky star who recently scored such a success in "The Cheat" in the Lasky production, "Her Strange Wedding," will be seen at the Auditorium on Wednesday and Thursday in the Lasky-Paramount production of "Her Strange Wedding." This is one of the most unusual and startling productions in which Miss Ward has appeared for Paramount and she is supported by a cast of unusual excellence, including Jack Dean, Tom Forman and Billy Elmer.

On Thursday Mrs. Vernon Castle in "Patricia" fourth episode will be seen.

Boy Scouts are Guests.

Many of the local boy scouts are taking in the Ann Pennington photo play, "The Little Boy Scout," at the Auditorium this afternoon, they being the guests of the management.

ALHAMBRA.

Tonight and Tomorrow.

Margaretta Fischer in "The Devil's Assistant," will remind her followers of her part in "Miracle of Life," one of her biggest previous picture successes.

Wednesday and Thursday.

Something new in the way of a motion picture was shown when "The Stolen Paradise" was filmed. In the newest World-Picture Brady-Made, the heroine is a charming young girl who marries a blind man and who is thought by the blind man to be another woman with whom he is deeply in love. Miss Fischer plays the role of the wife. She is simply charming in this part. The role of the husband is handled by Edward Everett, who is handsome and likeable. The other members of the company are all very capable and are splendidly cast. You will find this production a most interesting and you will be able to see it at the Alhambra theater Wednesday and Thursday.

"A Million Bids."

Through popular demand the Vitaphone company has re-issued the great success featuring dainty Anita Stewart. A Million Bids in a role have edition. This production which will be shown at the Grand theater tonight and tomorrow, is an excellent one in every way and won the greatest plaudits wherever it was shown. In addition to many thrilling scenes, beautiful costumes and handsome settings laid both in America and in France, and also aboard a millionaire's yacht, the cast of this feature film is decidedly attractive. Without any doubt it may be termed "all-star" Anita Stewart plays the leading role while "Harry T. More" is cast as the male star. Others in the cast are E. K. Lincoln, Julia Swayne Gordon, Charles Kent, "Mother" Mary Maurice and Kate Pike.

Many a man makes a woman a rich husband when she makes him a poor wife.

THE DRAFT.

As all of the serial numbers were

drawn at Washington last Friday

many of the registered men

wondering whether they are in-

cluded in the first call to arms.

The first army is to number 687,000

men. If one's serial number is in

the first 1200 numbers drawn he is

reasonably sure to be drafted for ex-

amination for the first army. Those

whose numbers follow the first 1200

are not likely to be in the first call.

Approximately ten million young

men between the ages of 21 and 31

registered on June 5th under the

new selective draft law. Each was

given a serial number. In Licking

County Newark city constituted one

district and the country and village

section made up another district.

Numbers 1 up to 1200 applied to

both the city and the country and

numbers up to 1200 over 2500 ap-

plied to Newark alone. At Wash-

ington Friday the numbers were drawn

to determine the order in which the

young men will be called upon to

make up the army or armies to be

raised by the United States.

Provision has been made for the

immediate creation of a new army

of 687,000 men. To raise an army

of this size will no doubt require the

drafting at this time of double that

number. This is because of the

fact that under the law many who

are of the required age will be en-

titled to exemption, some because of

physical defects, others because of

the fact that they have dependents

others because they will be required

in the work upon which they are at

present engaged and which is es-

sential to the successful prosecution of

the war, and still others because of

the fact that they are not citizens

of the country.

It is not unlikely, therefore, that

to raise the proposed army of 687-

000 men upwards of 1,300,000 of

those whose numbers were drawn

last Friday will be called within

the next two weeks for examination

and will be given opportunity to

present claims for exemption such

as are provided for under the draft

law. Out of this number it is

likely that all of the 687,000 now

needed will be secured. It is not

the number which was made up of

the remaining list in the order in

which the numbers were drawn. Notices

will be sent by mail to the drafted

men through local draft boards by

Mr. A. A. Stasel or Prof. Coons, but

each man is supposed to know his

relative standing in the draft and

to act accordingly.

TYPE AND EYE-STRAIN.

Dr. A. E. Bostwick, librarian of

the St. Louis public library, has

written to the Yale Review complain-

ing of the small sizes of type com-

monly used in books. He thinks it

is so small as to create eye-strain.

He has tried to get together in his

library a collection of large-type

books for tired eyes, as he calls it,

but cannot secure any wide selection

of volumes.

While there is some basis for this

complaint, books are not printed in

nearly as small type as formerly.

There was a time when standard

novels were printed in type that

most newspapers call small today.

Newspaper types are commonly

larger than formerly. It is no won-

der that people have eye troubles to-

day, when one thinks how the eyes

of our fathers and mothers were

strained in reading those old

volumes.

The evolution of type faces has

sometimes been governed more by

what printers called artistic ap-

pearance than by any attempt to make

types easy to read. A prevailing

style of type some years ago had

quite fine lines, and though it was

of fairly good size, yet it would not

be read without strain.

BROKEN DOWN IN HEALTH

Woman Tells How \$5 Worth
of Pinkham's Compound
Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my

lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

—Mrs. JENNIE MOYER, 242 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

BRAND NEW WAY TO REMOVE HAIRY GROWTHS (Actually Removes Roots and All)

The vexed question of how to completely banish superfluous hair has been solved at last. By means of the new electrolytic process, the hairs entire roots and all, come out before your eyes—easily, harmlessly, "quick as a wink." It is so different from the depilatory, electrical and shaving methods, you simply must try it to fully appreciate its remarkable advantages. Phelactine is perfectly odorless, non-irritating, non-poisonous—a child could use it without the least injury. It leaves the skin so soft, smooth and hairless, no one could tell you ever had a moustache or other hairy growth. If you will procure a stick of Phelactine and follow the simple instructions, you will certainly be astonished and delighted with the result—or druggist will refund the price upon request. Adv.

WAR TIME NERVOUSNESS

In these war times many people are living in an unusual condition of nervous excitement. Unless something is done to correct it the inevitable result will be a nervous breakdown, an exhaustion of nervous energy that may take a very serious and unforeseen turn.

Neurasthenia is one such result with its accompaniment of worry, irritability, oversensitiveness and severe headache. It means that the patient has lost the power to recover and store up energy. The condition will grow worse if not corrected.

The treatment is one of nutrition of the nerve cells, requiring a non-alcoholic tonic. As the nerves get their nourishment from the blood the treatment must be directed towards building up the blood. Dr. Williams' Pink Pills act directly on the blood and have proved of the greatest benefit in many cases of neurasthenia. A tendency to anemia, or bloodlessness, shown by most neurasthenic patients, is also corrected by these tonic pills.

Two useful books, "Diseases of the Nervous System" and "What to Eat and How to Eat" will be sent free by the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

Selecting the Hair Brushes.
Brushes each day remove dirt and grime from the scalp and hair therefore, they in turn should be rid of this accumulation. Powder for cleansing brushes are on the market, but a daily dipping up and down in a little ammoniated water, then placing to dry, bristles down, in sun and air, will keep brush white, stiff and clean.

The best comb is never sharp on the edges of the teeth, nor is it finely set. It is of hard rubber with teeth well shaped and rounded at their sides. A white comb is the one that necessarily has to be kept more clean than any other, and in this way it is the best color to choose.

Do not use the brush rapidly or press upon it too hard, remember that the object of using a brush is to remove dust, all dead cuticle thrown off by the scalp and to stimulate the circulation as well as to distribute the delicate oil secreted by the glands found in scalp.

Our Boys and Girls

It has often been declared that the sound of running water has the effect of lulling one to sleep, but in India the mothers go much further than this to make their babies sleep by letting a small stream of water flow directly on their little heads.

Such means seems almost incredible, and one might think colds and other ailments would result that would kill the babies, but apparently this novel liquid lullaby has no harmful effects upon the native infants, and they lie sleeping for hours with a stream of water flowing directly upon their little heads.

Every Day Etiquette

"When I have a party for my daughter should I see that the girls have some of the boys see that they arrive home safely?" inquired Mrs. Matron.

"The boys must certainly should see that the girls at the party reach home safely, and the hostess should see to it that each girl is provided with an escort. If one is not, she should exercise her privilege and ask one of the boys to act as escort," answered her society friend.

(Special Correspondence)

Headquarters S. A. A. Train, 16th Division, State Fair Ground Columbus, O., July 23.—The Newark boys in camp Sunday were busy entertaining their friends and a large number of machines were over from the Licking county capital.

The boys are all enjoying good health and are being put through their daily stunts in signal work, marches, etc. They expect to be mustered into the federal army before the week is over and there are hints that they may be sent to Montgomery, Ala., within the next 10 days. They are hoping their camp will be as pleasant as the one which they now occupy.

The members advanced to the letter K in signal work, and will undoubtedly have the alphabet completed before the end of the week. Signals are given by the hands at present, but the boys will be given flags just as soon as equipment arrives, which will probably be before they go south.

The community is improving daily and the meals are now much better, but the boys enjoy the treats and good things brought by friends from Newark. Saturday daily Advocate's surely were in demand and at a premium. When the mail call sounded at 9 o'clock the boys made a rush for the post-office to find out who had been drafted. The names were read aloud from a number of Advocates.

Saturday, 17 boys were given a furlough and told they need not report until 5 o'clock Monday morning. This camp must be a favorite spot for nearly everyone of them were back from Newark before 2 o'clock Sunday afternoon. Bernard Kwald, "Bun" Coulter, George Bern, Fred Simpson, John Kuster and Leo Rainard were among those who left and were back on the job long before their furlough expired.

Corporal H. J. Glancy, assigned to the major's staff at headquarters, was excused Sunday afternoon on account of visitors. The corporal wore a happy smile the balance of the day and divided up a box of goodies with the boys.

Alex Clayton is the mess sergeant and he is mighty popular just at present. Leo Rainard is the master mechanic and Fred Korzenborn has been assigned as chauffeur to the lieutenant and will drive his car. The Newark boys are all in good health and every one of them likes the S. A. A. train service. "Bun" Coulter was assigned to mess hall the other evening and was put to work making coffee. He did a fairly good job for an amateur, and it gave him the chance of supplying his comrades with a few extras not on the bill of fare.

Earl Lanning, "Mutz" Brown and Henry Etnier are now with the mounted police and will soon have a chance to display their knowledge

of horsemanship. Etnier has been laid up a couple of days on account of too much marching. The boys are under Lieutenant Van Giesen, who was a Columbus patrolman for a number of years. He is putting his men through the paces at a rapid rate.

Nearly every boy is now supplied with a wrist-watch and they are found to be a handy thing. Hank Gowdy, amous ball player in the world series of two years ago, visited the company Saturday and the boys had a ball game. Hank did the twirling and he is some ball-tosser. Paul Snyder made a two-bat hit.

All of the boys in this division will drive a 1-1-2-ton truck, used in carrying small ammunition and supplies for the regiment. They invite Newark friends to drop in any time for they soon will be ordered south. They may be in the south for several months and will have no familiar faces to visit them.

ON TIME

A watch is the most neglected piece of jewelry that a person owns. We buy a watch for the purpose of keeping the time, and once we get one we expect it to keep good time all the time, and it will, but a watch is like a big machine, unless we have it properly cleaned and oiled at regular intervals it will cease to keep good time. Yingslings Jewelry Store will keep your watch in good repair. His experts are careful and have had years of experience. Remember the place, 6 N. Second st. Military wrist watches from \$6.00 to \$15.00.

FULTON MAY PURCHASE
BIG COLUMBUS HOTEL

Secretary of State W. D. Fulton of this city, is negotiating for the purchase of the Southern Hotel at Columbus. Secretary Fulton bid \$100,000 for the furniture and equipment of the hotel at receiver's sale, on condition that he could secure a satisfactory lease of the hotel property. It is said the bid will be refused by the court and a new appraisal ordered. The value of the furnishings, etc., is \$55,000.

FAIR DIRECTORS OFFER FREE TRIPS TO WASHINGTON

The directors of the Licking County Agricultural Society have decided to offer two free trips to Washington, in club contest work in the territory of Licking county.

Full instructions regarding rules for the trip have not as yet been received and will be announced later. However one boy in corn contest work will be chosen as well as one girl in home economics. It is up to the boys and girls to get busy and secure a free trip to the National Capital with all expenses paid.

Secretary Harry D. Hale of the fair board was instructed to assist in forming a short ship circuit, which would mean a larger list of entries in the races at the fair to be held at this city, September 11, 12, 13 and 14, with two aviation flights daily. Mr. Hale will act in conjunction with secretaries of Knox, Highland, Wayne and Wayne counties and endeavor to form the circuit.

DRAFTED MEN MAY
JOIN THE GUARD OR
THE REGULAR ARMY

Washington, July 23.—Those selected for service under the draft will be permitted to enlist in the regular army or National Guard at any time prior to their call for examination before expedition boards, probably 10 days hence. Provost Marshal General Crowder has announced. They will not be allowed, however, to join the marine corps.

The first men actually drafted probably will be detailed to the regular army in order to bring that branch up to its full war strength of 300,000, if the 35,000 enlistments needed are not obtained before examinations begin. The rest will be put into the National Guard.

Exemption machinery for virtually the entire country is complete. The provost marshal general's office said that the names of members of the appellate boards in the last of the states probably would be announced tomorrow. Those for 32 states were given out yesterday.

BATHER IS DROWNED.

Zanesville, July 23.—John Davis, aged 27, was drowned while bathing in the Licking river near here Sunday. This was the first drowning of the season in this vicinity.

POSSE HUNTS TWO NEGROES.

Zanesville, July 23.—An armed posse is searching Muskingum county for two negroes who attacked Mrs. William Kronenbitter, aged 45, and her 8-year-old daughter, Saturday night. Mrs. Kronenbitter was knocked unconscious by her assailants and is in a serious condition.

PICNICER IS DROWNED.

Associated Press Telegram
Toledo, O., July 23.—Steve Szczelkowski, 11, one of a picnic party was drowned in Ten Mile Creek Sunday and Carl H. Krumm, was drowned in Half Way creek.

REJECTED AS OFFICER
ENLISTS AS PRIVATE

Ewing Webb went to Columbus Saturday and was sworn in as a private of the infantry. Mr. Webb returned Saturday evening with his uniform. He will report for duty Thursday of this week.
